DETAILED ACTION

Examiner's Comments

- 1. Applicants' response filed on 12/10/2010 has been fully considered. Claim 8 is amended and claims 1-20 are pending.**

Claim Objections

2. Claim 19 is objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim of claim 19 cannot be dependent on the method of manufacturing of claim 17 as well as the retroreflective sheet of claim 8. See MPEP § 608.01(n). Accordingly, claim 19 has not been further treated on the merits.

Allowable Subject Matter

3. Claims 1-18 and 20 are allowed. The following is an examiner's statement of reasons for allowance: The prior art especially the closest prior art Faykish (US 5,866,236) does not disclose the retroreflective sheet for security comprising the position of the high-refractive glass beads which does not coincide with the position of the print resin layer when observed from the surface layer side of the retroreflective sheet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. This application is in condition for allowance except for the following formal matters:

Claim 19 is objected to in that it has multiple dependencies to claims 8 and 17.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
